G12H ANNIVERSARY

12-inch classic rock guitar speaker

12in 305mm | **1.75in** Voice Coil | **30W** Watts | **8&16** Ohm | **100** dB

Originally re-released to celebrate our 70th Anniversary, the G12H guitar speaker remains hugely popular with players looking to recreate the classic sounds of 60s and 70s rock. With a strong aggressive low-end and powerful low-mids the G12H penetrates any mix with an attacking upper mid-range and an ice-cool top- end. Used singly or in quartets it provides serious attitude to soft amp tones easily cutting through loud stage levels for chord work and imparting a hard edge to single notes. A favourite in the 'boutique' amplifier market the G12H guitar speaker is often used on its own or paired with a Celestion Blue or Gold for a full-bodied sound that adds ceramic attitude to the chime of an Alnico speaker.
